

## SPECIMEN SERVICES TECHNICIANS - PALMERSTON NORTH

Medlab Central is a Palmerston North based private medical laboratory providing services to the hospital and surrounding communities.

Applications are invited for reliable, enthusiastic persons to join our team, for both a full-time and a part-time position, working in our specimen services department sorting, checking, registering, and distributing samples

### Hours of Work

Full-time Monday to Friday, monthly rotating roster between 6.30am and 8.00pm

Part-time Monday to Friday 3.30pm to 8.30pm  
Saturday 7.30am to 12.00 midday

### Skills and Experience

- A high standard of English - written, verbal and comprehension
- Accurate, fast and attention to detail in data entry
- A strong will to learn
- Have an awareness of ethical, privacy and procedural regulations

A laboratory or science background and knowledge of medical terminology would be advantageous, however full training will be given

### Other Requirements

- Be prepared to work towards obtaining an Annual Practicing Certificate with NZ Medical Science Council
- Be legally entitled to work in NZ
- Be willing to undergo a security and criminal record check
- Be vaccinated against COVID-19 and continue receiving vaccinations as mandated by the government
